### A Comedian and a Motivator

Ernie Tsosie III and Rob Carr have teamed up to provide a prevention message with a belly laugh. Ernie Tsosie III, of James and Ernie, Diné comedians, and Rob Carr, Commercial Tobacco Prevention motivator, are working together through the Oso Vista Ranch Project to help make the Navajo Nation a healthier place.

Rob Carr has been a consultant to Oso Vista for the past five years, providing outreach education and help to New Mexico Chapter communities to pass clean indoor air resolutions. Rob is well-respected in Diné communities and is considered the Diné voice for a smoke-free reservation.

Ernie Tsosie III, and his comedian partner, James June, have been making people laugh since 2002. Both men are from the Navajo Nation and have a special brand of humor that speaks to the Diné heart and funny bone.

Rob and Ernie began by developing a message that gets people laughing and learning at the same time. Their media literacy message helps the listener see the truth of what the tobacco and alcohol ads are saying and what the corporations who produce these ads

want at any cost: a profit.

This team has been speaking to audiences across New Mexico, from senior centers and Navajo Housing Authorities, to Chapter Houses and most recently at the Ramah Navajo Native Youth Leadership Conference in Pine Hill, NM June 5-7. The youth enjoyed this presentation and then had fun snapping a few "selfies" with the two Diné celebrities.
